Experience

UX/UI Designer | Invitrace

April 2025 - Present

- Designed and maintained the Design System to ensure consistency and scalability across products.
- Conducted on-site research at clinics, observing and mapping the entire patient journey: from registration, screening, consultation, treatment, pharmacy, to billing.
- Collaborated closely with clinic staff and stakeholders to gather insights and identify pain points in real workflows.
- Designed intuitive UI for patient registration, appointment scheduling, and billing systems based on BA requirements and user feedback.
- Translated on-site findings into design solutions that reduced operational bottlenecks and improved user experience for both staff and patients.

UX/UI Designer | Ever Medical Technology

Oct 2022 – March 2025

- Conducted user research through interviews and brainstorming sessions for a health wallet application.
- Designed UI for a Hospital Information System, improving usability for healthcare staff.
- Applied empathy mapping to uncover user insights and guide design decisions.

UI Designer (Part-Time) | SAMSIS Design Studio – Roastworld Project

Oct 2023 – Nov 2023

- Collaborated on the redesign of Roastworld website UI, a platform for trading coffee beans globally.

UX/UI Design Intern | Ever Medical Technology

Sep 2022 – Oct 2022

- Supported UX/UI Designer in brainstorming UX solutions for a digital health product.
- Conducted market research on digital health products globally.
- Assisted in UX audit and redesign of the company's medical tourism website.

Marketing Researcher | Kaigai Advisory

Oct 2019 – Aug 2022

- Researched market and competitor products.
- Collected and summarized industry news into reports.
- Created marketing data visualizations and graphs.
- Translated and interpreted documents into Japanese.

Project

Green Cycle Application (Workshop) – UX/UI Design

Apr 2022

- Designed a mobile application to help busy individuals manage and sell household waste.
- Simplified the process of turning garbage into money, promoting sustainable living.
